PROFESSIONAL SUMMARY

Full-Stack MERN Developer with hands-on experience designing, developing, and deploying responsive web applications and e-commerce platforms. Proficient in React.js, JavaScript, Node.js, Express.js, MongoDB, Tailwind CSS, Redux Toolkit, REST APIs, Firebase, and third-party payment integrations such as Paystack. Experienced in building frontend and backend solutions, integrating databases and APIs, and deploying production applications using Vercel and Render. A proactive problem-solver with strong communication, passionate about continuous learning, embracing new technologies, and developing innovative solutions. Adaptable, eager to learn, and open to acquiring new skills and technologies to contribute effectively to a dynamic team.

TECHNICAL SKILLS

- **Frontend Development:** React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Responsive Web Design, JSX, Component-Based Development
- **State Management & Data Fetching:** Redux Toolkit, React Query, Context API.
- **Backend & API Integration:** Node.js, Express.js, RESTful APIs, Axios, Authentication & Authorization
- **Tools & Version Control:** Git, GitHub, VS Code, Postman, Figma
- **Databases & Data Layers:** MongoDB, Mongoose, MySQL, Firebase
- **Other:** Form Validation, API Integration, Reusable Components, Responsive UI Development, Cross-Browser Compatibility, Error & Loading State Handling

PROFESSIONAL EXPERIENCE

Full-Stack Developer / MERN Stack Instructor | Babtech Computers

Lagos, Nigeria | [Nov 2025] – Present

Responsibilities:

- Teach and mentor students in frontend and backend web development using modern technologies.
- Design, develop, and deploy full-stack web applications based on real-world client requirements.
- Build and integrate responsive UIs, REST APIs, databases, authentication, and third-party services.
- Debug applications and provide technical support throughout the development and deployment process.
- Guide students through practical projects while promoting industry-standard development practices.

PROJECTS

Way Forward Clothing — Full-Stack E-Commerce Platform

[Live URL](#) / [GitHub Repo](#)

React.js, Tailwind CSS, Redux Toolkit, Node.js, Express.js, MongoDB, Paystack

- Developed a responsive e-commerce platform using **React.js, TypeScript, and Tailwind CSS**, with reusable UI components and mobile-friendly layouts.
- Implemented **product management, shopping cart, checkout, authentication, orders, and admin dashboard** functionality.
- Integrated **REST APIs, Redux Toolkit, React Query, Paystack payments, and Cloudinary** for application state, data fetching, payments, and media management.
- Built backend services with **Node.js, Express.js, MongoDB, and Mongoose**, using Git/GitHub for version control.

FGBN Bank — Mock Digital Banking Application

[Live URL](#) / [GitHub Repo](#)

HTML, CSS, JavaScript, Firebase

- Developed a mock digital banking application demonstrating authentication, account management, and internal transfers.
- Integrated Firebase for authentication and application data.

Dara Hair — Hair Business Website

[Live URL](#) / [GitHub Repo](#)

React.js, JavaScript, Tailwind CSS, Redux, Firebase

- Designed and developed a responsive business website to showcase products and services.
- Implemented modern UI components, responsive layouts, and Firebase integration.

Beks Tech — Full-Stack Company Website

[Live URL](#) / [GitHub Repo](#)

React.js, CSS, Node.js, Express.js, MongoDB

- Developed a responsive website for a technology solutions company with a functional contact system.
- Built and integrated backend APIs using Express.js and MongoDB.

EDUCATION

B.Sc. Computer Science – Oduduwa University, Ipetumodu (Expected Graduation 2026)

HND Computer Science – The Polytechnic, Ile-Ife (2017)
